

NEW!

3D COUNTER is the counter at trade fairs, events, in shops and in mobile marketing. It is a real eye-catcher.

Starting at
2999\$

Flexible
By turning the desk tops you can change and re-fix the set-up at any time you want by means of a star-shaped knob in the corpus. As shown on the left, 3D COUNTER can be rolled away: just tilt it slightly and you're already moving it quickly over short distances. Images in the standard colour of silver.

The extras – attractive and useful

Splendid ideas in chromium: our extras don't just look good, they are helpful with presentations and can easily be assembled in the swivel joint with "stick and click" – regardless whether individually or in combination with each other.

- A Display holder + display + Duplex promotion display, white circle Ø40 c, without graphic
- B Brochure holder A4
- C Holder for 15"/17"/19" TFT monitors
- D Sunshade holder
- E Fan kit, 12 volts
- F Flush-pull lock, lockable, chrome-plated

For continuous operation of a computer in the compact corpus it is recommendable to have a fan kit built into the socket.

The lockable flush-pull-lock is black as standard. It can also be delivered chrome-plated as an extra.

Diversity in no time at all

Whether the focus of your consultancy is while standing, elegant counters or a chic sideboard at the wall – 3D COUNTER is the system that adapts to changing requirements effortlessly.

Colours and sign 3D COUNTER incorporate design of companies and institutions.

Surface Coating with Alexit®-Micro-structure provides 3D COUNTER with an optically and haptically high-class finish. Besides the standard colours: red, silver, and white, individual colour wishes can be realized within the RAL colour map.

Graphics 3D COUNTER can be designed individually. Visualizations show the design beforehand.

3DCOUNTER

ONIVO

Fit in Mobile Marketing

Packed in our set of bags 3D COUNTER travels with you in your car, can be rolled along like a suitcase and is put together without tools.

Our two-parts transportation case is the ideal solution for transport by parcelservices or shippers.

Storage space
 Inside the corpus there are two spacious compartments: each H:40 cm x T:33cm.
 The opening width of the door is 42 cm.
 Cables for computers, etc. can be elegantly led out of the base through the corpus.

Ergonomically perfect
 Total height 106 cm.
