

Advertising Umbrellas

R6.060109

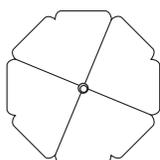

Ideal for both indoor and outdoor retail spaces, custom printed advertising umbrellas are an effective marketing tool. Images can be printed on the valance and/or segments. Complex images over more than one segment can be printed as mono deck, duo deck, or quattro deck. Whether it is a spot color print or a complex image, our cutting-edge digital and screen printing technology will ensure the best printing results combined with superior durability and color fastness.

- Cover: Knitted polyester
- Frame: steel alloy with white epoxy powder coating, built-in tilt feature
- Paragon frames for umbrellas with a 9.8ft diameter
